FROM STAR DISTRICT .- Mr. Wesley Williams, who yesterday returned from Star district, Utah, gives us the followill be payable weekly.

Star district, Utah, gives us the following items about that locality: The principle. pal ledge in the district, at least the one in the most advanced stage of develop ment, is the "Hickory." On this ledge a shaft has been sunk to the depth of one hundred and thirty-five feet. It was sunk on the ledge for some distance, and then a perpendicular shaft sunk, from the bottom of which they are now drifting to strike the ledge. So far as prospected the lode shows a body of ore from four to nine feet wide, of good milling quality, and rich in silver. A ten stamp mill is now on the way from Chicago, belonging to the company who own the Hickory mine, and it is confi-dently believed that its advent will be the commencement of a brilliant future for Star district. The Hickory is situated in what is known as North Star—Stardis-trict being subdivided into North, South and Middle Star, and West Camp. South Star was the first portion of the district discovered and contains a great many discovered, and contains a great many it is not impossible that further develop ments will prove them to be the main mines of the camp. Many think so now. Lincoln District, five miles from Minersville, about which there was considerable excitement two years ago, is now unten-anted by a solitary miner, though there is no doubt that there are some very valuable mines in the district. Litigat that curse of mining camps, has had much to do with producing this state of affairs. Minersville, Mr. Williams tells us, holds its own, and is quite a thriving place. Our old fellow townsman, J. R. Dupaix, is located there, and between farming and selling code is making. farming and selling goods, is making a handsome thing of it. They have one case of murder, and will probably have another in a few days; if not, then four cases of assault with a deadly weapon with intent to commit murder, besides eight or ten other cases involving the interests of society and the liberties of citizens. It is probable, also, that several cases of nuisance will be brought to the attention of the Grand Jury. These cases, with an inquiry into county affairs, will probably prolong the session of the Grand Jury through some weeks.

TO THE PUBLIC.

I HAVE BEEN SOLE TRADER FOR FOUR years: have done a good deal of business for many years: have kept my private, separate property for many years before I married Mr. Doscher, have done business with all the best bankers and merchants on the Facific coast, and never owed a two-bit piece during that time. I was sued a year ago for a bill of goods during my absence from Pioche, that was ordered and shipped in Mr. Doscher's anne. A Cornishman named Joo Oppie bought Mr. Doscher out before he went to Arizona. Once leased the lower part of my house, in which he opened a saloun. Three weeks after Mr. Doscher lett for Arizona, the liquors ordered by him arrived. Under false pretense Joe Opie took possession of the liquor, and disposed of them in various ways. I was sugd for the above liquors, ordered without my knowledge, and Solo—routs—the me, attached and held for one year by John Kane, then Sheriff of this county; and at the present time no account can be given of the money; and all the satisfaction that I can get, is, that Kane paid it out for, bugsy hire to Wes. Travis, the present Sheriff.

I shall leave for San Francisco in a few days.
